Dear Ms. Dortch:

On Thursday, November 29, 2012, Laura Thomas, Interim Chief Executive Officer & Chief Financial Officer of XO Communications, LLC (“XO”), Navid Haghghi, Executive Vice President, General Counsel and Secretary of XO, Kevin Joseph of the Joseph Group, and I met with Commissioner Mignon Clyburn and her Legal Advisor, Angela Kronenberg. During the meeting, XO described its recent launch of its native 100G coast-to-coast broadband service, highlighting the importance of special access reform, IP interconnection, and preservation of copper facilities. In addition, XO challenged the proposal submitted by AT&T in its ex parte

letter filed on August 30, 2012 and its Petition to Launch a Proceeding Concerning the TDM-to-IP Transition on November 7, 2012, by stressing that the transition from TDM-based to IP-based services does not justify deregulation of interconnection arrangements. Continued regulation and oversight is critical to ensure competition and innovation in the telecommunications marketplace. The discussion was consistent with XO's filings in the above-captioned proceedings.

Pursuant to Section 1.1206 of the Commission's Rules, a copy of this letter is being filed electronically in the above-referenced dockets. If you have any questions, please feel free to contact me at (703) 547-2258.

Respectfully Submitted,

/s/
