

Request for Financial Hardship Waiver Pursuant to Section 2(b)(2) of the CALM Act

Re: Docket No. 11-93

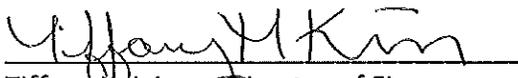

CT Communications Network, Inc. hereby requests a waiver related to the implementation of the CALM Act ("Act") pursuant to the Section 2(b)(2) of the Act.

Specifically, CT Communications Network is a small multichannel video programming distributor ("MVPD") and has reviewed the Act and determined that obtaining equipment to comply with the provisions of the Act and Federal Communications Commissions' ("FCC") regulations adopted pursuant to Section (a) of the Act would result in a financial hardship. As such, request is hereby made to waive the implementation of deployment of the equipment necessary to comply with the Act for a period of one year as provided for in Section 50 of the FCC's Report and Order adopted December 13, 2011. Further, CT Communications Network serves fewer than 15,000 subscribers (as of December 31, 2011) and is not affiliated with a larger operator serving more than 10 percent (10%) of all MVPD subscribers and as such, CT Communications Network is considered a small MVPD system and therefore seeks this waiver under the streamlined financial hardship procedures.

CT Communications Network provides service in portions of Champaign County and Logan County, Ohio.

CT Communications Network, Inc.
