

Chairman Genachowski,

To whom it May Concern,

I am writing this note today to let you know that VP-200 is a very important tool for then deaf community.

Most deaf people are poor readers and seeing another person on video signing gives us a clear understanding of what the person is saying to us.

Please do not take this important service from us. The VP-200 gives deaf people independence, other wise we would have to rely on a hearing person to make phone calls for us.

Sincerely,

Freddie Nelson
