The Honorable Julius Genachowski, Chairman  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

Re: DA 12-1863, IB Docket No. 12-340; RM-11683

Dear Chairman Genachowski:

As you know well there are many issues surrounding LightSquared and the FCC. The company is currently awaiting approval for a License Modification. Please add my voice to the others that are calling for an approval of the request.

This request is a good move and should be given the green light to proceed. LightSquared's alternative will help our economy move forward. We need as many companies as possible to step to the plate and help out. In my opinion LightSquared is one of those companies.

I realize there were past concerns about the impact on GPS. From our vantage point those issues will be resolved with this license change.

I hope you will agree that now is the time to allow LightSquared to get going. The nation's economy needs help and this is one step in the right direction.

Very truly yours,

MUNFAKH & ASSOCIATES, LLC

  
Abe A. Munfakh, P.E.  
Chairman and CEO
