

My name is Jon Shaw. I have problem with Sorenson Communication Service. I am happy with csdvrs,LLC and stay with videophone for my local number.

I found out, I am tired of sorensen communication because sorensen stole local number without my permission and unknown what happen. I didn't ask sorensen communication to local number back to sorensen. I don't want to.

I really love csdvrs, LLC and keep videophone of Zvrs Service.

I want sorensen stop bother or stole local number without I unknown, Thanks

Sincerely,

Jon Shaw
