Re: *Sprint Nextel and Softbank Application for Consent to the Transfer of Control of Various Licenses, IB Docket No. 12-343*

Dear Ms. Dortch:

On December 19, 2012, Viet D. Dinh and Jeffrey M. Harris of Bancroft PLLC spoke with Matthew Berry, Chief of Staff to Commissioner Pai, about the above-captioned matter.

We informed Mr. Berry that we represent Crest Financial Limited—an investment company that holds approximately 8.3% of the outstanding class A common stock of Clearwire Corporation—and that we will be filing a Petition to Deny the proposed transaction. We explained how Sprint has used its control of Clearwire to scuttle Clearwire’s plans to finance and deploy a nationwide 4G LTE network. We also apprised Mr. Berry of other recent developments (including, but not limited to, Sprint’s attempted buy-out of all remaining minority Clearwire shareholders) showing that the proposed transaction is not in the public interest.

We requested that the Commission explore these and other issues comprehensively before issuing any decision on the Sprint-Softbank transaction.

Sincerely,

/s/

Viet D. Dinh
Counsel for Crest Financial Limited
