

This is crazy,no info on call cost. This place is a total ripoff.And we all know its against the law to operate like this.I placed \$30 on phone and my son called twice.Finally when i reached a live operator she tells me 3.95 to accept and 90cents a minute.That is XXXX crazy. This has to be shut down i thought you couldnt monopolize things like this.Well Welcome to texas the state that makes its own laws,has texas also decided to be there own country too?
