

Dear FCC Members,

Please do NOT approve the media cross-ownership rule change. After the Citizens United decision, a robust press with many independent voices in one market is more essential than ever. Allowing Rupert Murdoch to own a newspaper, two television stations and 8 radio stations in one market is reprehensible.

You are taking us down a path that will basically make it possible for Rupert Murdoch to elect our President and other officials. Shame on you. Your top priority should be cultivating an informed citizenry.

By the way, sneaking in this substantive rule change during the holidays erodes trust in the FCC. Putting the needs of our citizens first is good for business too. Thank you.

Respectfully,

Pam Kilborn-Miller
