

I would like something done about not having a choice of service in my area. As a tax payer I look for your organization to fight in my corner when something like this is happening. Please see following link for more details about what I am talking about, then do research on current internet choices in the worden, il area. <http://mashable.com/2012/09/17/telecom-monopoly-internet-equality/> Please forward to correct department if you do not handle these issues
