Dear Ms. Dortch:

On Tuesday, January 22, 2013, Doug Smith, Chairman of the Board and Chief Executive Officer of LightSquared Subsidiary LLC (“LightSquared”); Jeffrey Carlisle, Executive Vice President, Regulatory Affairs and Public Policy of LightSquared; Scott Wiener, consultant to LightSquared; and James Barker and the undersigned of Latham & Watkins LLP, outside counsel to LightSquared, met with the Federal Communications Commission representatives listed below.

In the meeting, LightSquared discussed the status of the above-referenced pending modification applications, and the implementation of LightSquared’s network in accordance with the comprehensive proposal described in those applications, including LightSquared’s proposed shared use of spectrum at 1675-1680 MHz. LightSquared explained that its proposed use of 1675-1680 MHz spectrum is feasible, as explained at pp. 10-19 of the Reply Comments of LightSquared on January 4, 2013,<sup>1</sup> which formed the basis of much of the discussion.

In response to questions, LightSquared (i) reiterated that it plans to deploy a wholesale terrestrial 4G network, as well as its belief that the market opportunities to support such a
