The Honorable Julius Genachowski, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: DA 12-1863, IB Docket No. 12-340; RM-11683 Reply Comments

Dear Chairman Genachowski:

I have been involved with grassroots initiatives since graduating college. It's this kind of approach that has moved our state forward and is sixth in the nation in job creation this past year.

LightSquared's request that the FCC is reviewing presents a great opportunity to push our economy forward and help create jobs. Unemployment is a major problem in Michigan as it is in most parts of our country.

I see an added economic benefit to the LightSquared issue. Growing segments in our national economy are companies that are increasingly doing business on the mobile broadband network. As that network expands the companies will also expand leading to more and more employment opportunities.

Please approve the LightSquared request. The sooner they get going with the hiring the sooner the other companies will follow suit. We need these jobs.

Thank you for your time.

Sincerely,

Sarah Ledford
