

I'm a Church Attendee

As a dedicated Christian living in the Dallas, TX area, I am concerned about the future of the many Christian low power television broadcast stations positively influencing our nation and our hometown. Our local LPTV station must be protected. As a Christian, I am concerned that any loss of LPTV service will mean a reduction in the availability of broadcast content that brings hope and positive values to our daily life. I believe the Christian message is important because so many shut-ins and foreign-language individuals watch local Christian stations. Most often, the cable and network television channels fail to represent my Christian values in their content. We want the future of Christian TV broadcasting to be protected because I also believe this best protects the free marketplace of broadcasting. Please do not permit Christian voices to be silenced through the loss of LPTV stations as a result of the planned auction or repack. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air.
