

I am writing with respect to the community low power television stations that broadcast to Tyler, TX. I have come to understand that the FCC may auction spectrum currently licensed to operating LPTV stations in our area. Please do not force any LPTV broadcasters off the air! As an educator (Assistant Principal), I appreciate the broadcast services and would ask that you do not reduce the affordable services that are currently available to our community through our local independent LPTV stations. Most often, the cable and network television channels fail to represent my Christian values in their content. We want the future of Christian TV broadcasting to be protected. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air.
