

I am writing with respect to the community low power television stations that broadcast to Antioch. I have come to understand that the FCC may auction spectrum currently licensed to operating LPTV stations in our area. Please do not force any LPTV broadcasters off the air. Our local LPTV station must be protected. As a business person, I am an environmental consultant. I appreciate the broadcast services of our local LPTV station. I would ask that you do not reduce the affordable services that are currently available to our community through our local independent LPTV station. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air.
