Notice to HickoryTech Internet Customers

Effective March 1, 2013, your Internet service will be assessed a Network Administration fee of \$2 for DSL Lite Internet service or \$3 for other DSL Internet services. This fee is to help recover the operating costs for maintaining your Internet service. Conversely, **you will see a reduction in the FUSC Surcharge** related to your Internet DSL services.

Your DSL Circuit and Internet services will be provided by our affiliate Crystal Communications doing business as HickoryTech on or after March 1, 2013. There will not be any charge associated with this change and any preferred carrier freeze you have will remain in place.

DSL Circuit and Internet charges will be combined into a single charge on your statement starting in March. Notice of any future changes in the rates, terms and conditions of services will be provided to you as required under applicable law.

We recognize that you have a choice in providers, subject to restrictions in your contract or service order, and we appreciate your business. Contact us at 866-HICKORY should you have any questions about these changes.

Feel free to contact me at 507-386-3667 or carrie.rice@hickorytech.com if there are any questions concerning this notification.
