RE: Public Comment for Wright Petition(CC Docket#96-128)

Dear Chairman Genachowski

This letter is a brief explanation of the impact the high cost of prison calls have had.

I am the mother of Corey James 246552 incarcerated at North Branch Correctional Institution. My son has been unable to call due to high cost and restrictive measures Secure's places on my phone whenever I don't start an account with them. So he is unable to call collect for emergency purpose. This is cause for great concern. My son is housed in the most worse inmate population in Maryland. The facility has alot cellmate assaults and murders.

To make sure my son is able to reach the family I got a magic jack on my daughter phone yet it also was restricted. So I seek your assistance.

Respectfully,  
Beverly James

I'm writing to you sir because I am incarcerated in Virginia Dept of Corrections at Sussex I State Prison and the inmate phone company "Global Tel Link (GTL)" is continued to charge me and my family on the outside for overpriced collect calls and pre-paid calls in the state and outside state of Virginia. I know there is a petition by Mr. Wright CC Docket # 96-128 regarding these same practices, so I am writing complaining to you because some thing needs

Dear Chairman Gene Choussy,

I am a 32 year old incarcerated woman with a sickness called addiction. My mother died when I was 8, and my Grandparents raised me. My Grandmother died in 2008. All I have is a loving Grandfather who is 78. He has never commit a crime and to my knowledge only has one speeding ticket.

I give you this background only to ask, "Why is he being punished for my crime?" He is a law abiding, tax paying citizen. Why does he have to pay \$8.00 & phone call to talk to me? He can hardly write because he shakes so much. Shouldn't families be kept together even through times like these?

WHY!
