STATEMENT

Carrier has established operating procedures that ensure compliance with the Federal Communication Commission ("Commission") regulations regarding the protection of customer proprietary network information ("CPNI").

- Carrier has adopted a manual and keeps it updated with FCC CPNI rule revisions, and has designated a CPNI compliance officer to oversee CPNI training and implementation.

- Carrier continually educates and trains its employees regarding the appropriate use of CPNI. Carrier has established disciplinary procedures should an employee violate the CPNI procedures established by Carrier.

- Carrier has implemented a system whereby the status of a customer's CPNI approval can be determined prior to the use of CPNI.

- Carrier maintains a record of its and its affiliates' sales and marketing campaigns that use its customers' CPNI. Carrier also maintains a record of any and all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record includes a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as a part of the campaign.

- Carrier has established a supervisory review process regarding compliance with the CPNI rules with respect to outbound marketing situations and maintains records of carrier compliance for a minimum period of one year. Specifically, Carrier's sales personnel obtain supervisory approval of any proposed outbound marketing request for customer approval regarding its CPNI, and a process ensures that opt-out elections are recorded and followed.

- Carrier has implemented procedures to properly authenticate customers prior to disclosing CPNI over the telephone, at Carrier's retail locations, electronically or otherwise. In connection with these procedures, Carrier has established a system of personal identification numbers (PINs), passwords and back-up authentication methods for all customer and accounts, in compliance with the requirements of applicable Commission rules.

- Carrier has established procedures to ensure that customers will be immediately notified of account changes including changes to passwords, back-up means of authentication for lost or forgotten passwords, or address of record.

- Carrier has established procedures to notify law enforcement and customer(s) of unauthorized disclosure of CPNI in accordance with FCC timelines.
- Carrier took the following actions against data brokers in 2012, including proceedings instituted or petitions filed by Carrier at a state commission, in the court system, or at the Federal Communications Commission:
    - No instances of CPNI violations stemming from data brokers, no action taken.
- The following is information Carrier has with respect to the processes pretexters are using to attempt to access CPNI, and [if any] what steps carriers are taking to protect CPNI:
    - Call Center: Persons calling stating that they are the account holder when they are not – Verification of personal information prior to discussing the account information is used to protect CPNI. Detail call records are only mailed to the account billing address (never faxed or sent to another address)
    - Retail Location – Persons stating that they are the account holder when they are not – Verification of picture id prior to discussing any account information or release of bills or call records.
- The following is a summary of all customer complaints received in 2012 regarding the unauthorized release of CPNI:
    - Number of customer complaints Carrier received in 2012 related to unauthorized access to CPNI, or unauthorized disclosure of CPNI: None
    - Category of complaint:

        0 Number of instances of improper access by employees

        0 Number of instances of improper disclosure to individuals not authorized to receive the information

        0 Number of instances of improper access to online information by individuals not authorized to view the information

        0 Number of other instances of improper access or disclosure
    - Summary of customer complaints received in 2012 concerning the unauthorized release of CPNI: N/A
