AT&T Requests for Waiver of Cellular License Application Rules Concerning Service Area Boundary Extensions)	WT Docket No. 13-10
)	

**REQUEST FOR
EXTENSION OF TIME**

AT&T Mobility, LLC (“AT&T”) and Cellco Partnership d/b/a Verizon Wireless, under Federal Communications Commission (“Commission”) rule 1.46, file this Request for Extension of Time to file Comments in the above referenced docket.

In the applications listed below, AT&T has requested a waiver of Commission rules 22.911(d) and 1.923(a) to allow AT&T to extend service area boundaries (“SAB”) for certain cellular licensees into the cellular geographic service areas (“CGSA”) of neighboring cellular licenses held by Verizon Wireless or its affiliates.¹ On February 5, 2013, the Commission placed AT&T’s waiver requests on Public Notice, setting a cycle of February 20, 2013 for comments and March 6, 2013 for replies.

Since release of the Public Notice, AT&T and Verizon Wireless have initiated discussions to negotiate extension agreements needed by both carriers from each other. AT&T and Verizon Wireless request an extension of thirty (30) days of the comment cycle in this docket to allow time to continue with those discussions and this extension will not prejudice any

¹ In application file numbers 0004984411 and 0005021516, AT&T also requested waivers that would allow SAB extensions into the CGSAs of Broadpoint License Co., LLC and Smith Bagley, Inc. AT&T will be amending these applications to reflect AT&T’s receipt of extension agreements from these neighbor licensees and to remove the waiver requests.

other parties. Good cause exists to grant this extension, as allowing AT&T and Verizon Wireless to resolve these outstanding extension agreement issues will promote ubiquitous coverage and minimize unserved areas in cellular market areas. This request for extension applies to the waivers attached to the pending applications filed by AT&T identified in Exhibit A hereto.

Dated: February 15, 2013

Respectfully submitted,
