

I'm not for sure if this the correct department my comment goes too! I am NOT happy with the radio station 97.9 Jamz in Lawton, OK; Perry Publishing and Broadcasting. This radio station plays the worst HARD RAP on a continuous bases. I understand that I have the right not to listen, and I don't EXCEPT for a morning show I listen to in the mornings. I believe this station DOESN'T promote nor display a positive role for the community. Who does the hiring, are the individual(s) screened? I believe no one cares if the individual's speak correct English, which is VERY important in the public eye. I believe you have ALOT of teens and younger that listen to this station AND there is NOTHING positive about this radion station! Yes, it is nice to have an Africian-American radio station, BUT teach individual(s), especially the younger generation something besides RAP and Slang! PROMOTE SOMETHING POSITIVE YOU CAN LEARN FROM as well as playing GOOD positive music!

I would like to thank you in advance for your time!
