**Regarding : Application for appeal to ERATE deadline for Form 470 #
502370001116274**

Hello,

Our form 470, numbered 502370001116274 was never certified during the creation process. We realized this on 3/4/13, and immediately certified the form. We realize that this does not leave us the full 28 days for a posting, and request an extension.

I don't know why the form was not certified, and it was not our intention to leave it that way. We apologize for the irregularity and ask for your assistance in sorting out our problem.

Thank you for your consideration,

Pat Estes
