Comment: The proposal "to grant examination credit for expired and beyond-the-grace-period-for renewal amateur radio operator licenses; to shorten the grace period during which an expired amateur license may be renewed to 180 days" appears to be "self-contradictive" and should be eliminated or rewritten.

Also, to reduce the required number of Volunteer Examiners would, in my opinion, further water-down the VE Program. There have been too many irregularities in the past with 3 and those are only the ones that have been uncovered. If a change were to be made the number should be increased to 4 or 5.
