I, David K. Banner, attest that my statements are true to the best of my knowledge.

Comment round for ET Docket No. 03-137 and WT Docket No. 12-357.

1. My name is David K. Banner. My address is 424 E. Terhune St., Viroqua, WI 54665.

2. I am a university professor(describe your occupation.

3. I am very interested in the FCC LOWERING their standards for EMF radiation. We are being deluged with wireless, wifi and other EMF radiation all the time and , if the limits are raised, the health effects will even be worse than they are now. Women living near cell phone towers are now reporting higher incidents of breast cancer and it is only going to get worse. PLEASE lower the standard so the effects can be mitigated.

Thank you!
