

I have been going to Jcpenny's for about 13 years getting my hair done, one of the stylist name Marilyn is some kin to the people that live in the house across the street. they have been running around Montgomery trying to keep the women hair cut off, because Keshia hair will not grow. My stylist Elle, told me that I needed to be cut, the reason that my hair needed to be cut is that sean Comb's donot want me and to keep my hair cut because Keshia and her mentally unstable family is jealous of it! They have been asked to call mental health and stay away from the people, right along with the fools harrassing the people with them. Okay, When my hair was done, Marilyn made the comment that my family will not be able to call my hair long. I have been turning this matter in for years. Keshia Mcall and her family will not control my hair, neither will Sean Comb's , or the Mentally unstable people in Montgomery, Al. Sorry!!! Please let the people read this matter, so they can see what kind of confusion is going on in Montgomery's Salon's, because of messie Sean Comb's . This cult like activity is being linked to many murders that occur in Montgomery, Al every year. The people are stating that Jesus is showing them what I am doing at home, etc. So I at the Salon they are puling this stunt to keep the women, from growing long. I wish the people commenting would worry about their parents and their homes or apertments. Keshia is running around being prostitued and calling people fools with her Elemenetary school education, I wish she would disappear, and so do my Grandmother's family. Sean Comb's is very unprofessional, nasty, and ignorant. He s hollering fool and is in Montgomery havinf sex with Mutple partners to have Keshia's hair call long.
