

UNITED STATES OF AMERICA
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, DC 20554

Creation of A Low Power Radio Service)

Docket 99-25

REPLY OF LET THE CITIES IN!!
TO THE REPLY OF THE NATIONAL TRANSLATOR ASSOCIATION
TO THE PETITION FOR RECONSIDERATION
OF PROMETHEUS RADIO PROJECT

:LET THE CITIES IN!! (LTCI) is a newly formed, nationwide citizens' advocacy group. We advocate boosting the number of new, urban Low Power FM (LPFM) stations by allowing the licensing of urban LPFM stations below 50 watts.

To this end, LTCI has filed a Petition For Reconsideration in Docket 99-25. It seeks licensing of LPFM stations below 50 watts in the "urban core" areas of the Top 100 Arbitron Markets.

We are pleased to see that NATIONAL TRANSLATOR ASSOCIATION, in its Reply of March 21, did not express any opposition to LTCI's Petition. We hereby emphasize this point For The Record.

A copy of this document has been sent to Byron St. Clair, President, NATIONAL TRANSLATOR ASSOCIATION, Borsari & Paxson, 5335 Wisconsin Avenue, Suite 400, Washington. D.C. 20015.
