RE: Request for Waiver, Form 471 Deadline

Dear FCC Representative,

Please consider waiving the deadline for my library's USAC Form 471 for E-Rate funding. All information has been submitted by April 1st. Our entity numbers are: 123551 and 9369. We successfully submitted our 470 form and provided the required time for the 28-day competitive process. Unfortunately, due to management members leaving the organization without proper notice, our library lacked the manpower to complete Form 471 in a timely manner. We are very apologetic for missing the deadline.

Our library faces financial challenges due to the decreasing property values, which determine library funding in New Jersey. Not having the E-Rate funds would reduce our ability to provide summer reading programs for children. I hope you consider our waiver request. Once again, I am truly sorry for missing the deadline.

Sincerely,

James K. Keebler  
Director of Library Services, Piscataway, New Jersey
