

Re: GN Docket No. 13-86

Dear FCC:

I urge you to change your broadcast indecency policies. I believe that neither expletives nor non-sexual nudity should be considered indecent. (Or sexual nudity after 10 pm, for that matter, but I realize that is a losing battle.) At the very least, isolated expletives should be considered entirely benign.

Thank you for reconsidering your policies.

Sincerely,

Jenna Lawrence
