

Men and Women of the FCC,

I am STROGLY AGAINST any loosening of language and nudity standards!

My family watches broadcast television exclusively. We do not subscribe to cable or satellite TV. We are very much opposed to any loosening of regulations currently in place in regard to obscenity, nudity and indecency. My wife and I monitor what are children watch on TV closely, however things that are seen and heard cannot be unseen and unheard. Already they are bombarded during episodes of Andy Griffith and Leave it to Beaver with commercials for erectile dysfunction medications. I can hardly let them watch a sporting event without a preview for an R rated Horror movie coming on.

Please leave the current restrictions in place. Any loosening is unacceptable. More profanity and nudity is not good thing, especially for our children.

Sincerely,

Ryan Hatfield
