

I do not want to see an increase in obscenities or nudity on public TV. Many prime time tv shows are raunchy and unwatchable. I dont have cable tv and I refuse to watch the filth on tv now you need to make it less obscene. Shows like the Andy Griffith show Home improvement was good family shows. Shows Today are so trashy they are unwatchable and contribute to moral decay. You should be ashamed how you allow the filth on Tv today, and you animals want to add even more is unbelievable!
