

We should strive to keep the innocence of children for as long as possible. Please protect the innocent from the vulgar ways of the world. What good can come from such things you propose to allow vulgarity and naked promiscuity?

Eliminating a backlog of current complaints would only cover up a serious problem, and is hardly an excuse for not protecting the innocent and shirking your moral responsibility.

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

May you exercise discipline in wisdom. Thank you.
