

I strongly urge the FCC to reject changes to the current policy on airing expletives and "fleeting" nudity on FCC-licensed stations - especially during times when children are likely to be watching or listening.

Although I believe in the importance of Free Speech, this does not advance the high ideals used by the framers of the Constitution.

Changing the policy will not serve the public interest and will only contribute to the decay of family values that have been so important to the development of our country.
