

I support the current FCC indecency standards that hold television and radio stations accountable for what they broadcast on public airwaves, even if defined as "brief" or "fleeting."

I am aware that our Federal Supreme Court upheld the right of the FCC to set standards for public airwave broadcasting. Please continue to take a stand against the public use of expletives and nudity on all FCC-licensed stations.

I have lived outside the USA. I have seen what uncensored airwaves are like. Please hold up a standard that is important. Children are to be protected. Listen to your God-given conscience.
