

I write with heavy heart regarding the FCC considering loosening regulations of tv and radio language and nudity. Television has already gotten way too bad, there is hardly anything I can watch, let alone my children. (language and evil, criminal shows).

Please do not allow the "f" word, the "s" word, and stop allowing the "b" word. Also, there is no reason to allow any nudity on tv, whether it's during primetime or late at night. Let's keep some decency on the airwaves. I oppose any changes to the FCC (in)decency standards.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.

Thank you in advance for keeping broadcasting decent.
