

I hear you want to "relax" your decency codes--even in prime time?!--allowing such tripe as dropping the "F-bomb," or full nudity!

What in the WORLD are you thinking? What GOOD purpose would this =possibly= serve? Why do you think it's all right to allow people with NO standards to subject us--even, no, ESPECIALLY--our innocent children?? It seems that some people think the world hasn't got ENOUGH sewage in which to wallow...now, we may be forced to turn off all public media just to escape the unwanted, sudden sight for hearing of obscenity!

Why are you even in =existence= if you don't bother to protect those who would die before intaking such filth?? At this time of economic disaster, TV & radio are THE LAST place most of us can =afford= to find an hour or two of free or cheap family entertainment. If you're worried about free speech, then tell stations that want to broadcast this rot to air themselves only to those who REQUEST it--NOT force it on EVERYBODY!

If you DO this, you should be ashamed!
