

I urge you to continue to set the standard of what wholesome values we have left in our media!

I absolutely oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or fleeting.?

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

Since it matters what we hear, see and say, it's my strong believe that relaxing the current policy would NOT serve the public interest! I strongly urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.

Thank you for listening,
Julie Chapman
