

I am totally against have inappropriate language being said when my children are watching T.V. If this passes then many children will not be allowed to watch T.V. If you can't CREATE a show without bad language and nudity then the show is not worth making. Please keep in mind the lower the morals on T.V. the lower the morals in our society, which will effect everyone. Please do not allow the immorality of a few to corrupt the innocents of our children.
