

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on public airways.

The supreme court has confirmed the FCC'S authority to enforce polices regarding expletives and nudity during times when children are likely to be watching or listening. Surely we adults along with the FCC can perceive the negative results of allowing this.

Please allow our children to grow up without this. They have enough garbage already messing with them.

Also, relaxing the current policy would not serve the general public interest and I urge the FCC to reject any proposals that would allow for the broadcast of expletives and nudity on FCC established stations.

Thank you for your consideration,

C. Frederick Wilson
