

Do you really believe dropping the ban on nudity and some curse words, will make this nation better? Shouldn't you be striving to teach this nation, you're in the perfect position to do so, how to be more morally responsible? Just how low can you sink, before you realize you've made a mistake? When your 2yr old grandchild walks up to your boss, you, or their grandparents and say, "Fuck you"? Please, I beg you, PLEASE keep what little civility we have left and don't drop this ban. Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
