

This email is to say that I am strongly against putting any more trash on tv, go back to NO profanity and other like this, and clean up our TV. The world is in a big turmoil now, why do you want to make things worse. And we wonder why there is so much crime etc, look at the TRASH on network tv.....HORRIBLE. Get something a family can watch together. We cannot accomplish this unless we pull together as Christians. Thank you for hearing my comments.
