

I have heard that the FCC has decided to allow nudity, and the words fuck and shit on public airwaves. How hypocritical, when the word nigger is banned in a historical context, but nudity and these other words will be allowed for no reason other than gratuitous usage.

The media does not reflect real life, it guides it. The FCC has an obligation to maintain standards. If it does not, more and more people will refuse to allow their children to watch television.

I hope we can depend on you to do the right thing and keep the media clean, and showing a modicum of class.

Thank you!
