

I am opposed to any changes in the FCC indecency standards that would allow nudity or expletives on TV, internet, etc. I don't want to be subjected to that nor would I want any children to be subjected to nudity or expletives. We should be able to watch TV or get on the internet without having to see or hear things we don't want to. I have the choice of not viewing TV or internet but I feel this infringes on my rights as a citizen. Please reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
