

I support the changes you are looking to make regarding indecency on television and radio. I believe the country is ready for this change and step forward towards true expression. I do not believe that one group of Americans that represent a small percentage of the people should completely influence your decision in this matter. Please do not change your mind only because of what the AFA wants. I believe the high level of complaints you have been getting are simply from the same group trolling to appear to be many different people. Everybody I know supports your original decision and thinks the AFA is in the wrong.
