

Do NOT lift the ban on the f-word and full frontal nudity. Please do NOT. This country is already so numb to the f-word and curse words in general- we don't need to be numbed anymore than we already are by not bleeping out the f-word on networks and radio. The f-word is so commonly used in everyday life and on the internet that it's refreshing to hear it bleeped out on tv.

Allowing full-frontal nudity is even worse... oh excuse me, allowing FEMALE full-frontal nudity is even worse. Showing breasts uncensored is for porn; NOT for public television. I'm also appalled that there is a consideration to allow programs to show female frontal nudity... but not male frontal nudity? That's sexist any way you look at it. I don't want to see people naked on my reality tv show or even a brief clip of it shown in my news show period. I just don't want to see it.
