

I oppose any changes to the current radio and television station indecency standards regarding language and nudity. If anything, we need less expletives and nudity, but definitely not more.

As a mother of two, a wife, and a woman, I stand firm in my opposition of nudity, not only for the benefit of me and my family, but also for society as a whole. Nothing good results from seeing pornographic-or what others may call "nude"-images.

Please reject any proposal to allow more expletives and nudity. It does not benefit society; in fact, allowing those things will only harm us.
