

I strongly do NOT wish FCC indecency standards to be changed allowing more nudity and vulgarity on television and radio stations. Would prefer stronger restrictions, not less restrictions. Supreme Court authorized FCC's authority to enforce policies regarding expletives and nudity (especially when children are likely to listen or watch).

Relaxing restrictions would not serve public interest - I urge FCC to reject all proposals that would allow more nudity/bad language on all FCC licensed statopms/

Thank you for your consideration.
