

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

It is disturbing and troubling to know that our children can just flip on the tv, on a family friendly station, and be exposed to such things! It is highly inappropriate and what good will this even do? This can only cause bad things to happen. If someone wants to hear or see this filth they can turn it to a specific channel or the internet that has it (not that I'm encouraging to do so) but people who are against this should not have to give up their tv completely in order to avoid seeing such behavior openly exposed on all FCC-licensed channels.

PLEASE reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
