

When is this perversion going to stop?

You have the power to stop perversion of every kind and yet you keep lowering the bar until anything and everything and anything is permitted.

You are corrupting our children and our families.

You are corrupting our nation.

Guns.. it is not the gun that is the problem it is the TV Shows, the violence, the profanity, the video games that are the problem. It is the person who watches filth and violence that is the problem. Not the gun. A gun is a piece of steel.

Violence.. you are the ones guilty of promoting violence

Perversion.. you are the ones guilty of promoting sexual perversion, teen pregnancy, sexually transmitted diseases.

You have the power to help turn this country around and do something right.

And yet, instead you keep lowering the bar, giving up goodness for gross perversion.

It is not in the nations best interest, it is not in the best interest of the American people to allow this cesspool of perversion to continue on TV, exposing young children to all kinds of filth.

It is NOT Acceptable. This is not free speech.

It is perversion. It is called old fashion wrong, sin, gross disgusting, does not belong on TV anywhere at any time.

Pornography is pornography and it destroys lives. Ask Ted Bundy. He would tell you if he could. And he can, in a video with Dr. James Dobson. Filth, perversion, profanity, porn has no place on the airwaves. It destroys families, it destroys people. It brings nations down.

God will hold you, all of you, accountable for what you do. Some day you will stand before Him and have to give an account for what you are doing right now, everyday, in making these kinds of decisions.

Help us please stop the moral decay, the spiraling down, of this wonderful country. Stop this perversion now. Just for once do the right thing. Just say No, we are not going to go there. Thank you.

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."
