Common sense dictates that if you allow immorality on a wide scale you will get more of the consequences associated with those immoral implications. Is this the kind of behavior that you approve of on a wide scale and for everybody? We will see what kind of standards you have and what is important to you by the decision that you make. I clearly do not hold to those kind of standards and would not wish it on the next generation, either!**

**Thank you for the opportunity to give my opinion.**
