

I am appalled that the FCC would even consider allowing more profanity and nudity than is already allowed. This nation needs to have a standard of decency that is above showing nudity and allowing profanity on TV. If people want those things, there are plenty of movies they can find that contain that kind of material. If the standards are relaxed more than they are now, we will absolutely cancel our TV subscription and only allow our kids to watch DVDs or shows online that we control.

Please help maintain the rights of hundreds of millions of Americans to be able to access news and sports on TV without worrying about exposing our children (and ourselves) to such harmful material.
