Re: Technology Transitions Policy Task Force, GN Docket No. 13-5; Connect America Fund,
WC Docket No. 10-90; High-Cost Universal Service Support, WC Docket No. 05-337

Dear Ms. Dortch:

On Monday, March 18, 2013, the Technology Transitions Policy Task Force (Task Force) held its first workshop in a planned series of workshops to analyze technology transitions and their implications for modernizing Commission policy.¹ The workshop solicited data and analysis on the following topics: the technological capability of wireless and wireline (copper, fiber and coax) technologies today and in the future, the adoption and use of various technologies across the diverse demographics of our nation, and the timing of the technological transition for different wireline and wireless networks as well as drivers for the timing of the technology transition. With this letter, the attached presentations are submitted into the docket for the above-captioned proceedings.

Respectfully Submitted,
