

Tell me your not concerned with the corrupt & immoral society that we live in already? If atheist, Steve Jobs, set high standards for no pornography apps so that we can have some freedom from explicit sexual material, why wouldn't you do the same?

If you lift this ban, you rob the public of their freedom to live clean lives! I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
